

Hotronix®

FUSION®

The one-of-a-kind Hotronix® Fusion® operates as a draw or swing-style press, providing a heat-free workspace. The swing or draw feature gives 100% access to every inch of the 16" x 20" lower platen, allowing for easy, precise placement and positioning right on the press.

FUSION...

IT'S MORE THAN A CLEVER NAME

Whether you prefer to decorate with a draw or swing press, the Hotronix® Fusion® has you covered. It's like having two presses in one. Depending on your garment or work environment, you can choose to swing the upper platen away or draw out the lower platen. Either way, you'll always have a heat-free workspace.

FUSION®

PERFORMANCE

Manual swing or draw operation

Touch screen control system with stylus
